Career Objective

Full-stack developer with expertise in React, Next.js, ASP.NET Core, and MERN stack, skilled in building scalable applications, CRMs, and real-time platforms. Seeking an opportunity to contribute innovative solutions and deliver measurable business impact.

Technical Skills

• Frontend: React.js, Next.js, React Native, HTML, CSS
• Backend: ASP.NET Core, Express.js, Prisma, Supabase, Web APIs, PostgreSQL, Drizzle ORM
• Programming: JavaScript, Python (basic), C, PHP (basic)
• Other Tools: Docker (basic), Sanity, WordPress, Git, REST APIs, SEO
• Recent Learning: Advanced backend optimization, Web3, AI integrations

Selected Projects

• Social Media Platform (MERN Stack)
Developed a social media platform where users can post, share stories, chat, make friends, and interact in real-time with features like story sharing, friend requests, and live chat.

• CRM with Call & Lead Management (Next.js, React Native, Node.js)
Built a CRM system where counselors can directly call leads, update statuses, add comments, and generate reports. Integrated analytics to track total calls and performance metrics.

• University Registration Portal (Next.js + C# Web API)
Created a portal integrated with APIs from multiple universities to manage student registrations. Backend powered by C# Web API for secure and scalable operations.

• Expense Tracker (ASP.NET Core, PostgreSQL)
Built a secure expense tracking platform with analytics dashboard; optimized queries for 30% faster response time.

• Real-Time Chat App (React Native, Express.js, WebSocket)
Developed a chat application supporting 100+ concurrent users with real-time messaging.

Professional Experience

• Full Stack Developer – Integration Enterprises (Full-Time, Present)
- Built a Trello-like Project Management Web App for task tracking and team collaboration.
- Developed a full-stack Real Estate Apartment Booking system for property listings, booking management, and payment integration.
- Created a social media platform using the MERN stack with real-time chat and user interaction features.
- Designed and deployed a personal portfolio showcasing full-stack projects and case studies.

• App & Web Developer – APS Matrix Pvt. Ltd, New Delhi (1 Year)
- Delivered multiple full-stack web and mobile apps tailored to client needs.
- Collaborated across design and QA teams, ensuring on-time project delivery.

• Process Executive – RaoAdzen Pvt. Ltd, New Delhi (1 Year)
- Streamlined internal processes and improved workflow efficiency.
- Contributed to quality assurance and client satisfaction.

Education

• Bachelor of Computer Applications (BCA) – CCS University, Meerut, 2023
• Intermediate (12th) – U.P. Board, Allahabad, 2017
• High School (10th) – U.P. Board, Allahabad, 2015

Strengths

• Problem-solving and innovative thinking
• Quick learner, adaptive to new technologies
• Committed to delivering AI-driven and scalable solutions

Personal Information

• Date of Birth: 27 April 1999
• Father's Name: Mr. Satyendra Kumar
• Gender: Male
• Marital Status: Unmarried
• Languages Known: Hindi, English
• Nationality: Indian
